How long is a license valid for?

Account & Licenses · https://mhthemes.com/support/knb/how-long-is-a-license-valid-for/

Your license key is valid for one year from the purchase date. You need an active license key for continued access to automatic updates and support.

The themes and plugins will continue to function as it is, even without an active license. However, you won't receive future updates and improvements, such as new features or bug fixes.
